Re: Request to waive appeal decision of 2015 invoicing deadline

Funding Year: 2015

FCC Form 471 Application Number: 996930

Funding Request Number: 2761744

Billed Entity Number: 136064

Applicant Name: Community School District 205

932 Harrison Street

Galesburg, IL 61401

In accordance with Sections 54.719 through 54.721 of the Commission's Rules, Community School District 205, through its consultant E-RATE ONLINE, requests an FCC Waiver of the FY2015 invoicing window deadline.

A one-time invoice deadline extension request was appropriately faxed on October 21, 2016 on behalf of Community School District 205, seven days prior to the funding year 2015 invoicing deadline. See attached supporting documentation "Extension Request". In this request, a ministerial and clerical (M&C) error occurred by the typist when requesting an extension for committed CenturyLink FRN 2761744. Instead, 2761766 was entered. FRN 2761744 was not granted the one-time 120 day extension due to this error.

An appeal was submitted via the Submit a Question forum online. See attached supporting documentation "Email Confirmation". An administrator's decision came back as being "Dismissed". See attached supporting documentation "Appeal Decision".

This waiver request is to relinquish the "dismissed" appeal decision, as the appeal explanation does not even resonate with the original request made. The explanation explains that "since your decision letter has not yet been issued, your appeal is premature and is being dismissed". A decision letter for FRN 2761744 was issued as "funded" on October 29, 2015. The issue lies with the M&C error made on the deadline extension request.

This original invoice deadline extension request was made in good faith. No waste, fraud or abuse has occurred. We request this be reviewed further so the actual issue at hand can be revised.
